

How works & where located?

■ thermostat

The mobile thermostat located in the living room on the top of the cupboard. Turn „+” or „-”. The heating and the hot water is provided by a gas furnace in the apartment.

■ all info

WiFi code, my phone no., restaurant and city recommendations) and my printed Budapest guide, map you will find on the dining table as many brochures, flyers, city magazines in the living room.

■ shutters

In the living room the blinders can be moved manually.

■ heating

The heating and the hot water is provided by a gas furnace in the apartment.

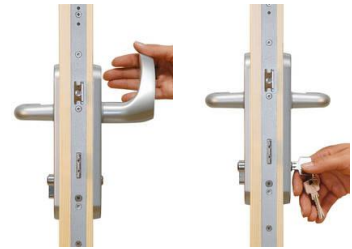

■ AC

You can control each AC unit with a remote controls. Attention ! It is a dual machine. If it used 2 units pls. do it on the same mode (cooling or heating) in the same time !

■ locking

Pull handle up, leave it back and you can turn the key in the lock. If you rotate the key, do not press the handle anymore. The door will be locked.

You can open it in a simple way by turning the key. Same method from inside.

■ garbage container

The containers are located on the ground floor on the side of the courtyard. For recycling look the colors!

■ sofa bed

To open, pull out the seat cushion and fold down the backrest.
