

Thermal baths

■ history

Budapest known as the European capital of spa. There is no other capital that has so many thermal and karst springs. A bath visit is not only a must do, but a relaxing, refreshing activity after a long day in the city. Unmatched even on a world scale, the daily delivery of 70 million litres of 21-78°C thermal waters proclaim itself as the capital city of healing and thermal waters.

■ Rudas

The big complex with its 600 years old turkish bath inside is really a unique choice.
